	W 4200K	/			6	75		

Due to the special conditions of the manufacturing processes of LED the typical data of technical parameters can only reflect statistical figures and do not necessarily correspond to the actual parameters of each single product which could differ from the typical data.

* Testing based on $t_a=25^\circ\text{C}$, one-meter data, tolerance of lumen flux is $\pm 10\%$.

Bending & Twisting

Keep the minimum bend diameter 300mm

Light surface

WARNING:
The above wrong approaches will damage the product.

Diffusor surface must face upwards
